

I would like to tell you how K-LOVE serves me as a resident of the local community. Every single day, this station serves me when I am at work, home, and car. I look forward to listening to this station to start my day and to finish my day. It not only serves me as a resident but serves my friends as well.

If K-LOVE were to be displaced by an LPFM broadcaster providing other programming it would not be in the best interest of the residents of the local community. This station has provided the best in everything they do. It would really be sad not to have this station on the air. I have recommended this station to at least 10 ppl in one week. I feel like a more complete person when I listen to this station first thing in the morning to start my day!

The service provided by K-LOVE is in the best interest of all the public. The service provided is very important to the community because it gives us a station that cares and shares great music.

I really enjoy and listen to the station at all times. If I'm with a friend, then I ask to change the station to K-LOVE and then they become addicted to the station. This is truly a great station for the public. Please keep it on for us.

Thanks,
